Environmental Statement for the Financial year ending the 31<sup>st</sup> March 2021

PART-A

- (I) Name and Address of the Owner/Occupier of the Industry operating or Process  
**M/S Svaksha Distillery Limited, Mouza: Dakshin Simla, JL- 355, P.O. Changual , P.s:  
Kharagpur Local, Paschim Medinapur – 721 301**
- (II) Industry category Primary – (STC Code) Secondary – (SIC Code)
- (III) Production Capacity – **200 KLPD Grain based Distillery.**
- (IV) Year of establishment: **Under Construction**
- (V) Date of the last Environmental statement submitted: **NIL**

PART – B

Water and Raw Material Consumption

- (i) Water Consumption m<sup>3</sup>/d

Process - **Not Applicable as commercial production has not started**  
Cooling - **Not Applicable as commercial production has not started**  
Domestic – **Not Applicable as commercial production has not started**

---

Name of products	Process water consumption per unit of product output	
	During the previous financial Year	During the Current Financial Year

---

(1)

(2)

---

**Not Applicable as commercial production has not started**

---

**(ii) Raw Material Consumption**

==

*Name of Raw Materials	Name of products	Consumption of Raw material per Unit of output	
		During the previous Financial year	During the current financial year
<b>Not Applicable as commercial production has not started</b>			

\*Industry may use codes if disclosing details or Raw material would violate contractual obligations, otherwise all industries have to name the materials used.

**PART - C**

Pollution discharged to environment / unit of output  
(Parameter as specified in the consent issued)

(i) Pollutants	Quantity of Pollutants discharged (mass/day)	Concentration of pollutants in discharge (mass/volume)	Percentage of variation from prescribed standards with reasons
(a) Water	NIL	NA	NA
(b) Air	NA	NA	NA

**PART - D**

**HAZARDOUS WASTES**

(AS SPECIFIED UNDER Hazardous Waste / Management and Handling Rules, 1989)

Hazardous Waste	Total Quantity (Kg)	
	During the previous financial year	During the current financial year
(a) From process	NIL	NIL

(b) From pollution control facilities

NIL

NIL

**PART – E**

**SOLID WASTES**

	Total Quantity (Kg)	
	During the previous financial year	During the current financial year

(a) From process

NIL

NIL

(b) From pollution control facility

NIL

NIL

**PART – F**

Please specify the characterizations (in terms of composition of quantum) of hazardous as well as solid waste and indicate disposal practice adopted for both these categories of wastes.

**Not Applicable as commercial production has not started**

**PART – G**

Impact of the pollution abatement measures taken on conservation of natural resources and on the cost of production.

**Not Applicable as commercial production has not started**

**PART – H**

Additional measures / investment proposal for environmental protection including abatement of pollution, prevention of pollution.

**Not Applicable as commercial production has not started**

**PART – I**

Any other particulars for improving the quality of the environment.

**Not Applicable as commercial production has not started**

**EC Compliance**

**Environmental Clearance Compliance As On 04<sup>th</sup> August 2021**

A	Special Condition	Status
i	ESP along with stack of adequate height shall be provided to briquette fired boiler to control particulate emission within 50mg/Nm3	We will install ESP to control particle emission within 50mg/Nm3
ii	Total Fresh water requirement of 1760 m3/day will be met from ground water and prior permission shall be obtained from CGWA/SGWA	Noted and permission obtained from SGWA
iii	Spent wash generation from grain distillery shall not exceed 6Kl/Kl of alcohol. Spent wash shall be treated through decanter and concentrated in multi effect evaporator (MEE) to form DWGS. DWGS will be sent to dryer to for DOGS. The condensate, Spent lees and utilities effluent shall be treated in the ETP comprising tertiary treatment. Treated effluent will be used for make up of cooling towers and water quality of treated effluent shall meet the norms prescribed by CPCB/SPCB and recycle/reuse.	Noted and will be done as per Norms
iv	Spent wash shall be stored in SS tank. The storage of spent wash shall not exceed 5days capacity	Noted and maintain as per Norms
v	No effluent from distillery shall be discharged outside the plant premises and zero discharge shall be adopted. Water consumption shall be reduced by adopting 3 R's (reduce, reuse and recycle) concept in the process	Noted and will be adopted accordingly
vi	Process effluent/any waste water shall not be allowed to be mixed with storm water. Storm water shall be passed through guard pond	Noted and will be taken care accordingly

vii	Adequate number of ground water quality monitoring stations by providing piezometer around the project area shall be set up. Sampling and trend analysis monitoring must be made on monthly basis and report submitted to SPCB and this Ministry. The ground water quality monitoring for pH, BOD, COD, Chloride, Sulphate and total dissolved solids shall be monitored. Sampling and trend analysis monitoring must be made on monthly basis and report submitted to the Ministry's Regional Office at Bhubaneswar and SPCB	Will be implemented after installing bore well water pumps as per approval.
viii	Boiler Ash shall be stored separately as per CPCB guidelines so that it shall not adversely affect the air quality, becoming air borne by wind or water regime during rainy season by flowing along with the storm water. Direct exposure of workers to fly ash & dust shall be avoided. Captive Power Plant will also confirm the prescribed standards	Ash storage silo will be installed where daily ash to be collected and it shall be stored separately as per requirement.
ix	Fire Fighting system shall be as per the norms and cover all areas where alcohol is produced, handled and stored. Provision of foam system for fire fighting shall be made to control fire from the alcohol storage tanks. DMP shall be implemented	Noted and will be implementing accordingly as per Fire Safety Recommendations. FSR has been obtained from the West Bengal Fire & Emergency Services, Memo No. IND/WB/FES/20182019/13874 Dated 25/09/2018
x	Occupational health surveillance programme shall be undertaken as regular exercise for all the employees. The first aid facilities in the occupational health centre shall be strengthened and the regular medical test records of each employee shall be maintained separately.	Noted
xi	Dedicated parking facility for loading and unloading of material shall be provided in the factory premises. Unit shall develop and implement good traffic management system for their incoming and outgoing vehicles to avoid congestion on the public road	Noted and will be maintain accordingly
xii	As proposed green belt over 2.80ha of the total project area shall be developed within plant premises with at least 10meter wide green belt on all sides along the periphery of the projects area in downward direction and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with DFO	Proposed green belt over 2.80ha of the total project area will be developed within plant premises as per requirements. We have already planted 4000 plants around the periphery of the project area.
xiii	All the commitments made during the public hearing/ public consultation meeting held on 8 <sup>th</sup> July 2016 shall be satisfactorily implemented and adequate budget provision shall be made	Noted and will be implemented

xiv	At least 2.5% of the total cost of the project shall be earmarked towards the Enterprise Social Commitment (ESC) based on local needs particularly village named Dakshin Simla and action plan with financial and physical breakup/details shall be prepared and submitted to the Ministry's Regional Office Bhubaneswar. Implementation of such program shall be ensured accordingly in a time bound manner.	Noted
<b>B</b>	<b>General Condition</b>	<b>Status</b>
i	The Project authority must strictly adhere to the stipulation made by the state pollution control board (SPCB), state government and any other statutory authority	Noted
ii	No further expansion or modification on the plant shall be carried out without prior approval of the Ministry of Environment and Forest. In case of deviation or alterations in the project proposal from those submitted to this ministry for clearance, a fresh reference shall be made to the ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Noted
iii	The location of the ambient air quality monitoring station shall be decided in the consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station is installed in the upwind and downwind directions as well as where maximum ground level concentration are anticipated.	Noted
iv	The national ambient air quality emission standards issued by the ministry vide G.S.R No 826(E) dated 16 <sup>th</sup> November 2009 shall be followed	Noted
v	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc on all sources of noise generation. The ambient noise level shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, viz. 75 dBA (day time) and 70 dBA (night time)	Noted

Noted and will be implemented accordingly	
vi	The company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and use the same water for the process activities of the project to conserve fresh water
vii	Training shall be imparted to all the employees on safety and healthy aspects of chemical handling. Pre-employment and routine periodical medical examination for all employees shall be undertaken on regular basis. Training to all employees on handling of chemical shall be imparted.
viii	The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, risk mitigation measures and public hearing relating to the project shall be implemented
ix	The company shall take undertake all relevant measure for improving the social economic conditions of the surrounding area. CSR activities shall be undertaken by involving local villages and administration.
x	The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment
xi	A separate Environmental Management Cell equipped with full fledge laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions
xii	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment and Forests as well as the state government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/pollution control measures shall not be diverted for any other purpose.

XIII	A copy of the clearance letter shall be sent by the project proponent to concern Panchayat, Zila Parisad/ Municipal Corporation, Urban Local Body and the local NGO, if any, from whom suggestions / representations , if any, were received while processing the proposal	Noted
XIV	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environment Clearance conditions including results of monitored data (both in hard copies as well as by email) to the respective Regional office of MoEF, the respective Zonal Office of CPCB and SPCB. A copy Environment Clearance and six-monthly compliance status report shall be posted on the website of the company.	Will be submitted
XV	The environmental statement for each financial year ending 31 <sup>st</sup> March in Form -V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environmental (Protection) Rules 1986, as amended subsequently shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF by email	Will be submitted, we are still under construction and have not started commercial production
XVI	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at <a href="http://moef.pic.in">http://moef.pic.in</a> . This shall be advertised within seven days from the date of issue of the clearance letter at least in two local newspaper that are widely circulated in the region of which one shall be in vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry	We have already submitted.
XVII	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project	Noted, we will inform accordingly
